

Health & Safety Policy

Our main target is that all our hotels are safe place for all our guests and employees. To us, safety means preparedness, and we know how to act in undesirable situations. At the Mythos Beach Resort we work hard to provide you with a relaxed and safe environment. Safety considerations are a part of our daily work.

This may not always be apparent on the surface, but you would notice it if something were to happen.

We do not negotiate our guests and employees safety and this is what we essentially do at Mythos Beach Resort.

- We carry out controls of the evacuation routes, fire equipment, fire alarm system as per legal and our system requirements.
- All our employees are trained for use of the firefighting equipment.
- All our employees are trained for fire evacuation drill and this training is repeated twice a year.
- Each hotel has its own emergency team for various emergency situations that may appear in any place.
- There are at least 2 trained first aiders per shift in the hotel who are able to provide assistance in any health emergency until the arrival of the ambulance. We also have doctors on duty in Mythos Beach Resort.
- All our employees are trained for basic Health and Safety at work place and trainings are repeated every year.
- We remain alert to keep an eye out for things that seem not be ordinary and we carry out risk assessments in all hotel areas with a frequency relevant to their harm.
- We work towards accident elimination by continuously improving methods of operation.
- We carry out preventive maintenance of our buildings and equipment for continuous safe environment.
